

Sheriff's Points

By Sheriff Byron Nogelmeier

Sheriff's Office Enters the World Wide Web

The Turner County Sheriff's Office has moved into the 21st Century. We now have a web site that can be viewed by you the citizens whether you are in Hurley, Centerville or any where in the world..

When I first started writing this column, I believe the first article was on sex offenders and where they were living. That article alone stirred up a lot of conversation and telephone calls to this office. You wanted to know who they were and where they were living. I felt that if it was important to you the public to call and want that information, I felt it was important to keep you informed who the sex offenders are and where they live. The web site does just that it has all the registered sex offenders that live in Turner County were they live along with a photo.

The web site is not all complete yet but with time we are going to have information on persons who have active warrants and are wanted by the Turner County Sheriff's Office, upcoming event such as foreclosure sales civic events. We are going to establish links between State of South Dakota Home Page, South Dakota Sheriffs' Association, National Sheriffs Association.

You can also email our office with tips on crimes that you may have information.

I believe that one of the most important things for me as Sheriff is to keep you informed as to what is happening in the county. I believe with your help we can make Turner County a better place to live for all of us.

Our web site is www.turnersheriff.com feel free to navigate through the web site. As I stated earlier we are still in the building stag.

Remember that winter is upon us and don't forget your winter driving rules.
